COMPLAINT

Dear Chairman:

We have been Mountainbrook Village Homeowners since 1990 and wish to oppose the ridiculous raise in our sewer charge from \$35.00 to \$70.00 for the identical service we now receive, for the reason that we are on a fixed income and this would cause a hardship on us at the ages of 88 and 83.

We suggest the Sewer Company obtain the additional charge from the additional users the Sewer Company added to our initial sewer. We were assured of no raises related to their mistakes and modifications.

Furthermore, their Modified Sewer still stinks!

Respectfully submitted,

Frederick M. Andrews
